THE MARKET LEADERS IN CONTRACTOR MANAGEMENT AND STAFF MONITORING SOLUTIONS

InVentry is a pioneer of sign in and visitor management systems and is trusted by over 8,000 organisations across the UK. Our system transforms the efficiency of entry into a building and provides secure digital data on every entry or exit; giving companies maximum traceability for staff, contractors and visitors. Our products are continuously developed in-house and provide a smart solution to site security and tracking - without compromising on the reliability and stability that customers demand of a front of house, mission critical system.

VISIT OUR WEBSITE TO SEE OUR FULL LIST OF SECTORS

OUR SPECIALIST SECTORS

The InVentry sign in system is designed for staff, visitor and contractor management for a variety of different sectors. Find yours below!

MANUFACTURING

When a visitor or contractor arrives on site there are many checks and processes that need to be followed. InVentry allows you to manage these checks and offer custom questions at the point of sign in; all from one easy to use system.

HIGH SECURITY / DATA CENTRES

InVentry gives Data Centres the ability to control who is on-site and track reasons for visits, 24 hours a day. With security being your top priority, the InVentry system will help ensure your site is always secure whilst enabling you to be in full control of the data.

GOVERNMENT AND COUNCIL

Manage contractor checks quickly and easily whilst also ensuring a professional welcome with the InVentry system. Also allow staff and contractors to roam between sites using the same ID, giving you complete sight of location information.

NHS

NHS

The safeguarding of patients is always at the forefront of any hospital. InVentry allows you to manage visitors and contractors quickly and efficiently, whilst also ensuring that everyone on site is checked and has appropriate access around the building.

TRAINING AND EVENT CENTRES

InVentry gives you the ability to manage events and visitors from one simple to use system. Our pre-booking feature also enables visitors to sign in through the swipe of a QR code. Ask custom questions upon sign in such as lunch options and dietary requirements.

OFFICE

Give visitors and staff the right first impression by including an InVentry system in your reception area. Customise your skin to make it coincide with your brand, for a sleek and stylish visitor management system.

VENUES

Whether it's a stadium or theatre, InVentry gives you the ability to manage your visitors, staff and contractors quickly and efficiently - whether it's event day or not. Ensure those on site are clearly identifiable through a personalised badge highlighting on-site permissions.

CHARITIES

InVentry provides charities with the ability to track who is on site at any time. With volunteers and service users constantly entering the building, it's also vital to track why they are on site. InVentry gives you just that, all from one system.

CARE HOMES

To ensure that everyone has the same quality of life, and to minimise safeguarding concerns and incidents, your welcome area needs to be safe and secure. This is the first line of defence, and can be the difference in knowing who is and isn't onsite in a variety of emergencies.

MULTI-SITE FLEXIBILITY

Whatever your business type, InVentry gives you the flexibility to manage site access through one comprehensive solution.

- Staff roam between sites by flowing information between individual systems
- Staff are automatically signed out from an individual system when they sign into a new one at a different location
- Share personnel records across sites so that contractors can be approved at a company-wide level for all sites

OUTLOOK AND EMAIL INTEGRATION

InVentry now integrates with Outlook, Gmail and other email providers meaning appointments and meetings are added straight into your inbox.

- Events and pre-booked visitors added to Outlook and Email Calendars
- Send pre-booked visitor invitations straight to their inbox

Outlook Google

DOOR ACCESS INTEGRATION AND INSTALLATION

The most comprehensive sign in and door access integration. Trigger door releases via an InVentry card reader, and sign into InVentry via your access control reader - all from just a single swipe!

ACCESS INVITATIONS

- Allow pre-booked visitors to open entrance barriers and doors through just a simple invitation click
- Provide a custom time restriction on each invitation - whether it's multiple hours or multiple days, you're in control

INVENTRY ANYWHERE APP

With InVentry's Anywhere App, you can use InVentry on the go. Quick, simple and easy to use!

GET IT ON Google play

Available on the App Store

- Trigger evacuations and send an alert notification to staff via the app
- Allow staff to sign in remotely
- Sign in and out on the go via your device when on-site
- Pre-book visitors and send a QR code to scan upon arrival
- Easily see which staff are signed in at the press of a button
- Scan QR code ID badges and cards for staff and visitors during an evacuation

MULITPLE ENTRANCE POINTS

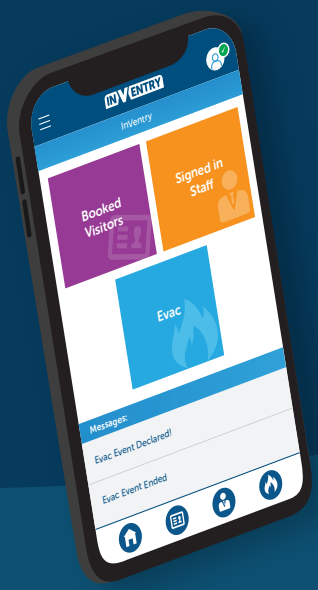

Allow for quick and easy staff sign in from multiple entry points around your building with our Quickscan units. Offer customisable reasons upon signing out too!

- Quickscan units can be mounted almost anywhere on your site and at multiple locations
- **ASK TO SEE OUR QUICKSCAN IN ACTION**

PERSONALISED SCREENS

Customise your InVentry system to coincide with the look and feel of your branding.

- Get a personalised screen, including your branded colours and logo
- Include your own declarations on screen when a visitor signs in

NEW FEATURES

We're always developing new ways to improve our products and ensure our customer experience is second to none. One of our latest features is **Remote Worker Sign In**; enabling staff to sign in when working remotely. This links through to our **Anywhere App** so businesses are able to see exactly who is on site each day versus working remotely.

WE INTEGRATE WITH slack Microsoft Teams

EVACUATION REPORTS

Once an evacuation has ended, receive reports of who was accounted for - sent straight to your inbox

See the amount of time it took for an evacuation to take place, giving you the chance to improve your evacuation plan

PRE BOOKED INVITATIONS

HEALTH FEATURES

HELP ENABLE YOUR BUSINESS TO BECOME COVID-19 SECURE

In response to the recent pandemic, we've developed lots of new features to enable your business to remain COVID-19 secure. These features include **Capacity Management** allowing you to set a maximum capacity and receive notifications when this capacity has been met, breached, and back to acceptable levels.

HEALTH DECLARATIONS

Send COVID-19 Health Declarations to staff and visitors each morning

Those who declare that they're displaying symptoms will be unable to sign in or enter the building

HOST READY NOTIFICATIONS

Manage the number of visitors in your reception by only allowing visitors to enter the building when it is safe to do so

Hosts can let visitors know when they are ready for them - all at the click of a button

TEST AND TRACE

Test and trace visitors who have come in contact with staff who have declared COVID-19 symptoms

Notify those identified and ask them to self-isolate

WHITE PAPER

Our White Paper includes guidance around reducing contact within the workplace, contact tracing and capacity management

"I cannot recommend InVentry highly enough, their ability to tailor a solution around your requirements makes the task of introducing, or upgrading, your digital sign in system as smooth as you could possibly hope for! Get in touch and see for yourself!"
Chris Skurray, Facilities Manager – BASF

"InVentry has really streamlined our processes and helped us move away from our previous old-fashioned system for managing visitors and contractors. It's also enabled us to better safeguard our staff, visitors and patients by ensuring that everyone on-site is checked and has appropriate access around the building"
Sandra Duff - Estates Secretary - Gartnavel Hospital

"InVentry has been great for us! Contractors are now able to review and sign our terms of working agreement on screen, before proceeding to sign in, which has been really useful. We've also added a custom question to their sign in process - whereby they have to confirm that they have provided their RAMS for the work they are visiting site to complete."
Stadium Manager - Portsmouth Football Club

"The events management feature of InVentry has been great as we use this to manage our corporate groups and pre-load participants. This saves so much time for us and helps maintain a quick and professional service."
David Germain - Exectuive Manager - Anderton Leisure Centre
